These athletes will receive levels of funding towards competition and/or training and for participation in ISU Championships as detailed in the ISA National Squad and Funding 2007/2008 document published on July 26, 2007.

Athletes were selected based on their Total Points Score at the 2007 Australian Figure Skating Championships and available places at ISU Events.

It was decided to include the Novice Champions in the Squad this year in recognition of their performances. Both Novice Champions achieved Total Points Scores comparable to those achieved in the Junior divisions.

The current list of international assignments has been published on the ISA web site and will be updated as required during the season.
