Communication No: 0016

Australian Figure Skating Championships

As a result of the recent postal vote of the ISA Council, the Australian Figure Skating Championships will be moved to the December timeframe from 2010 onwards.

This was a unanimous decision by the ISA Council. All nineteen Councillors voted in favor of the move.

ISA welcomes this change as a very positive step towards helping our athletes and their coaches to align training plans with the international skating season and improve our international results.

ISA would like to thank the Australian Professional Skaters Association (APSA) for their support for this important change.

ISA is currently revising the Memorandum for hosting the Australian Figure Skating Championships and will publish this on the ISA web site as soon as possible. Bids for the 2010 Australian Figure Skating Championships will be accepted from April 1, 2009 through 30 June, 2009.
