 - 2000 Olympic Games Sydney

OAC (Officials Assessment Commission) for the ISU.

[Current ISU Communication 2098 regarding Procedure for OAC](#)

It is a measure of their respect for her opinions that the ISU kept Wendy on as OAC for at least 6 or 8 years where they usually only do 2 years.

OACs evaluate the judges results to ascertain if they were correct in their assessment.

It is a very important job and only most experienced and respected judges attain this position.

Wendy was committed to figure skating and was tenacious in doing what was needed to make it work. She gave willingly of her time to Skaters, Coaches, Judges, Officials and Parents. If you asked Wendy to be there for figure skating you knew her answer would be yes.

Figure skating judges are volunteers. Judging figure skating is not a simple task and requires a great deal of commitment to gain the know ledge and experience to reach an international standard. Many do not have the time or inclination to volunteer such a great amount of time.

Wendy not only gave the time needed to reach these international standards; she was also strongly committed to mentoring and training judges at all levels.

Above all, Wendy was fair-minded and the skating community knew they could rely on her to do the very best she could.

OAM- awarded 1994 for her services to ice skating in Australia
