Adult Bronze Free Skating Competition spins requirement as per 2023/2024 ISU Adult Figure Skating Technical Requirements;

A maximum of two (2) spins of a different abbreviation, which must be a spin in one position with or without a change of foot. Flying spins are not permitted.

- The spins must have a required minimum number of revolutions: three (3) for any spin with no change of foot, and six (6) with a change of foot.
- A spin that has no basic position with 2 revolutions will receive no value, however a spin with less than three rotations in total is considered as a skating movement and not a spin.
- All spins with change of foot must have at least 3 revolutions on each foot. If this requirement is not fulfilled, the spin will be marked with a V.
- Only features up to and including Level 1 will be counted. Any additional features will not count for level requirements and will be ignored by the Technical Panel.
