1 Purpose of the Communication

The 2020 season has been interrupted due to the closure of ice rinks and Members may find it difficult to run Champ Series events where skaters have the opportunity to earn and better their existing Benchmark scores, in accordance with ISA judging and technical panel requirements. Interstate travel is still limited and Members may find it difficult to conduct events accordingly. The restrictions on judging and technical panels for events for this season only may be relaxed to enable Members to run Champ series events where possible. This should enable skaters to be ranked and qualify for any International events that occur.

ISA Board will continue to monitor the situation and update the skating community.

2 Application of the Communication

For the 2020 Season.

3 Communication Statement

Judges and technical panel members can be taken from the published ISA National list or ISU /International lists.

Should Members have difficulty providing the required panels due to Covid19 restrictions, then the Member may apply to ISA for an exemption of certain requirements

Members must continue to submit their panels to the ISA Judging Convenor at least two week prior to the start of the event.
