

2020 ISA AGM -TECHNICAL REPORT

- The rules are continually being updated and uploaded onto the website and circulated to all state secretaries. Thanks to Kim for uploading everything for me.
- New test sheets were written and uploaded onto the website and the rules have been adjusted to reflect the +5/-5 Goes that the ISU is using is now being used for all tests. Thanks to Susan and Angelique for all their help.
- Artistic rules have been amended to allow for double jumps to be incorporated into programs. These rules have also had adult times incorporated as well as providing for group events. Now hopefully, all states are able to follow ISA Artistic rules.
- Many communications on Covid-19 have been circulated with the input of Judges and coaches from all states. These allow for: tests in competitions; no pattern test requirement for 2020; changes to the 2020 National Championships as well as Benchmark Panels criteria relaxing.
- Many thanks to Monica as APSA and ISA appear to be working well on all technical issues and she is readily keeping all the coaches up to date.
