

As an athlete with over two decades of experience in the ice skating world, I believe I have the knowledge and expertise required to serve on the Athlete Development Board in Ice Skating Australia (ISA). Throughout my career, I have achieved significant success as an athlete, winning multiple Junior World Medals, Grand Prix Medals, and participating in the Grand Prix Final and Olympic Games .

I'm also currently working with skaters across all disciplines, including Julio Potopenko, Anastasia Golubeva/Hector Moore Giotopoulos, and Vlada Vasiliev. As an athlete and coach, I understand the importance of athlete representation and finding ways to bridge the gap between athletes and stakeholders.

My involvement in sporting bodies, such as the European Olympic Committees, the Russian Olympic Committee, and the Russian Figure Skating Federation, has taught me valuable lessons and provided me with the necessary skills to serve on the Athlete Development Board. I have served as Vice-Chair of the European Olympic Committees (Athletes Commission), a member of the Russian Olympic Committee (Athletes Commission), and the chair of the Russian Figure Skating Federation Athlete committee.

I can bring my vast knowledge and experience to the Athlete Development Board in ISA. I believe that my experience will help me find pathways to encourage better development for skaters in ISA, not only in their skating skills but also in areas such as mental health, anti-doping, and the rights and responsibilities of being an athlete. I am dedicated to athlete representation and committed to improving the development of skaters in ISA.

In conclusion, I'm highly qualified to serve on the Athlete Development Board in ISA. My impressive credentials, extensive experience, and dedication to athlete representation make me a valuable asset to the board.
